

STEPPER PROFESSIONAL 3000SP

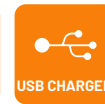

Athletic

3000SP brings you a smooth, comfortable workout experience that increases cardio and muscle strength. With its sleek, streamlined console, the 3000SP makes it easy to track your data and monitor your results. The easy to use 3000SP features a fluid natural motion provided by a whisper quiet drive system. Combining an 8kg flywheel with an air flywheel means an extremely smooth feel with 24 resistance levels that will provide a challenging workout. The moving handlebars have pulse sensors for monitoring your heart rate. Oversize foot pedals reduce ankle and knee stress with comfort and performance. The easy to use monitor features an LCD display and cooling fans y phone holder.

In addition to these aspects, there are technological differences, such as:

- 12 preset workout programs;
- High speed, high inertia drive system for easy start-up and smooth, quiet workouts;
- 24 levels of resistance for a wide range of workout intensity options.

**Complete display,
phone holder, fan
and Hand pulse**
